**Smile Lines:** During a visit to my doctor, I asked him, "How do you determine whether or not an older person should be put in a care home?" "Well" he said, "we fill up a bathtub, then we offer a teaspoon, a teacup and a bucket to the person to empty the bathtub." Oh, I understand, "I said. "An average person would use the bucket because it is bigger than the spoon or the teacup." "No" he said. "An average person would pull the plug. Do you want a bed near the window?"
