The Lampedusa Cross was made from pieces of a boat wrecked off the coast of the Italian Island of Lampedusa. The first cross was made from a boat which 311 Eritrean and Somali refugees were drowned making their way from Libya to Europe. The community on the island helped save the lives of 155 others. In Lampedusa's church, Francesco Tuccio, the island's carpenter, met some of the survivors who were Eritrean Christians. Moved by their situation, he used his skills to make each of them a cross from the wreckage as both a reflection of their salvation from the sea and also as a powerful symbol of hope for their future. A similar cross was made for Pope Francis, who carried it at a memorial service for those who had perished. For the Year of Mercy, Mr Tuccio made the cross we have in the Plymouth diocese. It is hoped to hold a Lampedusa pilgrimage in Plymouth on 19 November to bear witness to the dangerous journeys and many uncertainties migrants and refugees face today and to remind us of the power of our own acts of love, mercy and hope. Fuller details later. Cards will be available next weekend about the cross.

A beautiful Mary's Meals Prayer.

Our Father, give us this day our daily bread and forgive us for the times when we take more than our share of the bread that belongs to all. Let us help You fill the starving with good things, not with scraps from our table. Teach us how to share what is not ours to keep. Clothe us with Your love that we may complete each good work You created us to do. Place in our hearts Your compassion for each starving child and use our little acts of love so that they starve no more.

Smile Lines: Hymns or maths? A father had taken his small son to church. The boy listened attentively without saying a word until the clergyman announced we will now sing hymn two hundred and twenty two, 'Ten thousand times ten thousand.' Alarmed the little boy nudged his father. "Do we have to work it out?"
