newsletter temporary link holding page

Newsletters are uploaded on Saturday afternoon

Please revisit later, **if you see this note by Saturday evening**, use your web browser's 'refresh' or 'reload' button (icon) or equivalent keyboard command to refresh this pdf page. If that doesn't help, also refresh the newsletter page (there may have been later updates) and click date link again. Pressing your shift key at the same time as 'refresh' or 'reload' can help.
