Rosary on the Coast: Sunday 29 April 3 p.m. Bishop

Mark writes: This initiative follows on from similar well - publicised and highly successful national events in Poland and Ireland. Sunday 29th April has been chosen as the launch date for Rosary on the Coast in the British Isles. This is a day of pilgrimage and prayer for the re-flourishing of our **FAITH**, for the grace to build a culture of **LIFE** and for true **PEACE** to reign in the hearts of all peoples and nations. With our Diocese being mostly surrounded by sea and having such a beautiful coast and coastal path, this is surely something we ought to respond to. It would be good for parishes on the coastline to arrange for parishioners to gather on the coast that afternoon with these intentions.

A reminder of some of the practical suggestions from the Lent Study Course

As far as possible, try to keep a reverent and prayerful silence in church – avoid unnecessary chatter – in order to help you be more prayerful and to help those around you to pray.

Remember to genuflect as you enter and leave the church, and remember you are genuflecting to the presence of Christ in the tabernacle.

Appreciate the many gestures we make during Mass and what they signify: standing, kneeling, sitting, bowing during the Creed at the Incarnatus, and as we approach Holy Communion etc.

Remember to keep the Eucharistic Fast for 1 hour before Mass.

At the heart of civilisation is the family centred in marriage between a man and a woman that remains open to the gift of new life in children." (JP11 Letter to Families 1994) We are volunteers trained to teach the Billings Ovulation Method [BOM] of fertility regulation to Catholic and engaged couples. The BOM is a scientifically proven method, fully compatible with Church teaching on marriage and family life. We teach across the diocese including marriage preparation in conjunction with the Smart Loving programme. We are looking to train women who have some experience or basic knowledge of NFP, or of using NFP, or who would be willing to learn and use this method themselves. There is an initial full day training session (a Saturday) after which training will be via 10 correspondence modules, over 10 consecutive months. There is a discretionary cost of £250 covering all teaching resources and teaching, BUT do not let money put you off! This can be waived on appeal.
